

### AIRCRAFT FUELING TAXI PROCEDURES

1. Effective immediately all CWF Club Aircraft will follow the taxi procedures as sketched out below.
2. All CWF Club Aircraft will taxi into the FME 12,000 gallon 100LL fueling facility in back (to the East) of the first row of parked aircraft on the first yellow taxi line. **DO NOT ATTEMPT TO TAXI IN ON THE BLACKED OUT TAXI LINE IN FRONT (TO THE WEST) OF THIS FIRST ROW OF PARKED AIRCRAFT.**
3. All CWF Club Aircraft will taxi in back of the FME 12,000 gallon 100LL fueling facility and face East at the front of the fueling facility, as sketched. After CWF Club Aircraft have finished refueling they will taxi out on the blacked out taxi line to the South to reach the taxiway parallel to runway 10-28, as sketched.

Fueling Taxi Procedure

Thank You
